

# Joinery Range Inside

Open now for  
a selection of  
**Doors, Windows,  
Flooring and Stairs**

**Elliotts**  
help you build

 [elliotts.uk](http://elliotts.uk)

With branches and showrooms across the south and a central team of product experts in The Sales Hub, we're always on hand to support you with your next build.

Our knowledge is backed up by 175 years' experience. Elliotts has been family owned since 1842. As the business has passed on to the next generation, so has the expertise, which continues to grow.

By working closely with leading suppliers, we bring you the very latest ranges available, backed up by our market-leading skills.

We have joinery displays and experts in every branch

**Elliotts**  
help you build

## Your Contents

### Internal Doors & Ironmongery

View our wide range of modern, contemporary and traditional doors, handles and room dividers. Plus, read up on the innovative space-saving pocket doors.

Pages 4 - 41

### Flooring

Extensive range of real wood, vinyl and laminates available. Find everything you need to get the job done including underlay, trims and flooring grade PVA.

Pages 42 - 51

### Stairs

We offer stair cladding, free staircase measuring service and numerous stair parts. Whether it's a new flight or an uplift to an existing staircase, you'll find it all here.

Pages 52 - 61

### Windows

From the standard size to arched, shaped and bespoke window designs, we've got it all. Roof lanterns, windows and sun tunnels allow a choice of ways to let the light in and create more space.

Pages 62 - 71

### External Doors & Gates

Find the right door to suit your property, including patio doors, gates and garage doors. Vast range of colours and finishes available.

Pages 72 - 95

# Internal Doors

View our wide range of modern, contemporary and traditional doors, handles and room dividers. Plus, read up on the innovative space-saving pocket doors.

There's  
more!

This is a selection of what we can offer. For more details on the full range or if you need help sourcing something for your project, contact [joinery@elliotts.uk](mailto:joinery@elliotts.uk)

Glass pocket door system also available

### Product Information

- ▶ The cassette structure is made from 0.5mm galvanised steel
- ▶ The cassette sides are formed from single pieces of pressed steel which is corrugated for complete stability
- ▶ Transverse ribs fixed to the corrugations further reinforce the structure and allow fixing of plasterboard direct to the cassette
- ▶ Twin spacer bars are supplied that are fixed between the cassette and jamb during installation to ensure the structure remains square

Choice

Open

Plus

# Box Contents

The door packs contains:

- ▶ 1 set of high quality door furniture on a round rose
- ▶ SS 63mm latch
- ▶ 3" ball bearing hinges (1 pair) or (1.5 pair)

Why not upgrade to the smart latch?

See below for more details!

# Latch Options

## Privacy Latch

The easy one push solution for locking bathroom doors. Simply press the button to lock the handle and then operate the lever handle as normal to release the lock. Emergency release for outside access.

## Smart Latch

Saves 3/4 of the time compared to fitting a standard latch. Only requires a 25mm drill bit to complete installation. Specifically designed to reduce fitting time and enhance the aesthetics of a door.

## Flooring Accessories Range

### Basic 20 Underlay

A dense yet lightweight economy foam underlay, offering a good degree of comfort and support with reasonable sound and thermal insulating properties. To be used where moisture is not an issue.

### Auastop Underlay

Aquastop has a laminated Damp Proof Membrane (DPM) and 80mm overlap to ensure ultimate protection against moisture migration. Tog rating is 0.84. To be used where excess moisture could be present.

More underlays available.  
Please ask in store for more details

### Flooring Grade PVA

A premium flooring grade PVA adhesive for hardwood flooring. Typically used when floating a floor to bond tongue and groove (T&G) boards together. Easy to apply, solvent free and fully cured within four hours of application.

### Solid Wood Pipe Covers

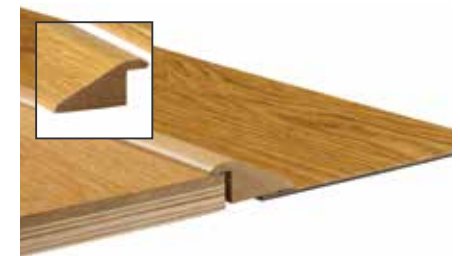

15mm diameter hardwood pipe covers come in two halves with a unique jigsaw design that allows them to click together.

### Profile Trims

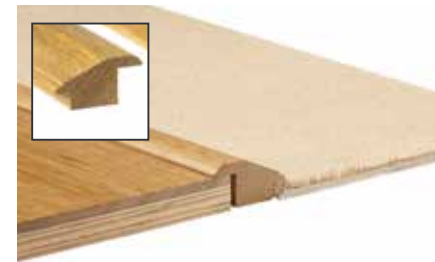

Profilo solid oak trims are easy to install. Available in 1m and 2.4m lengths and pre-finished with several coats of tough lacquer for durability.

T-bar

Ramp

Semi ramp

# Stairs

We offer stair cladding, free staircase measuring service and numerous stair parts. Whether it's a new flight or an uplift to an existing staircase, you'll find it all here.

There's  
more!

This is a selection of what we can offer. For more details on the full range or if you need help sourcing something for your project, contact [joinery@elliotts.uk](mailto:joinery@elliotts.uk)

## Stair Cladding

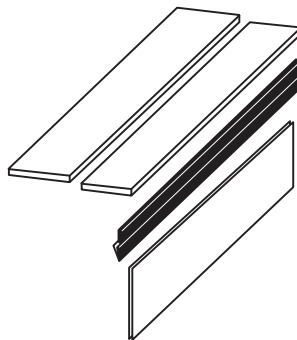

Oak stair conversion system - Convert your existing staircase to solid oak easily and cost effectively

### Stair Cladding

Solid oak tread and riser kits, cut easily to width and depth and bond into place. No structural alterations to the stairs required.

This system MUST be fitted with an MS-Polymer adhesive only.

## Made to Measure Stairs

Free made to measure stair service

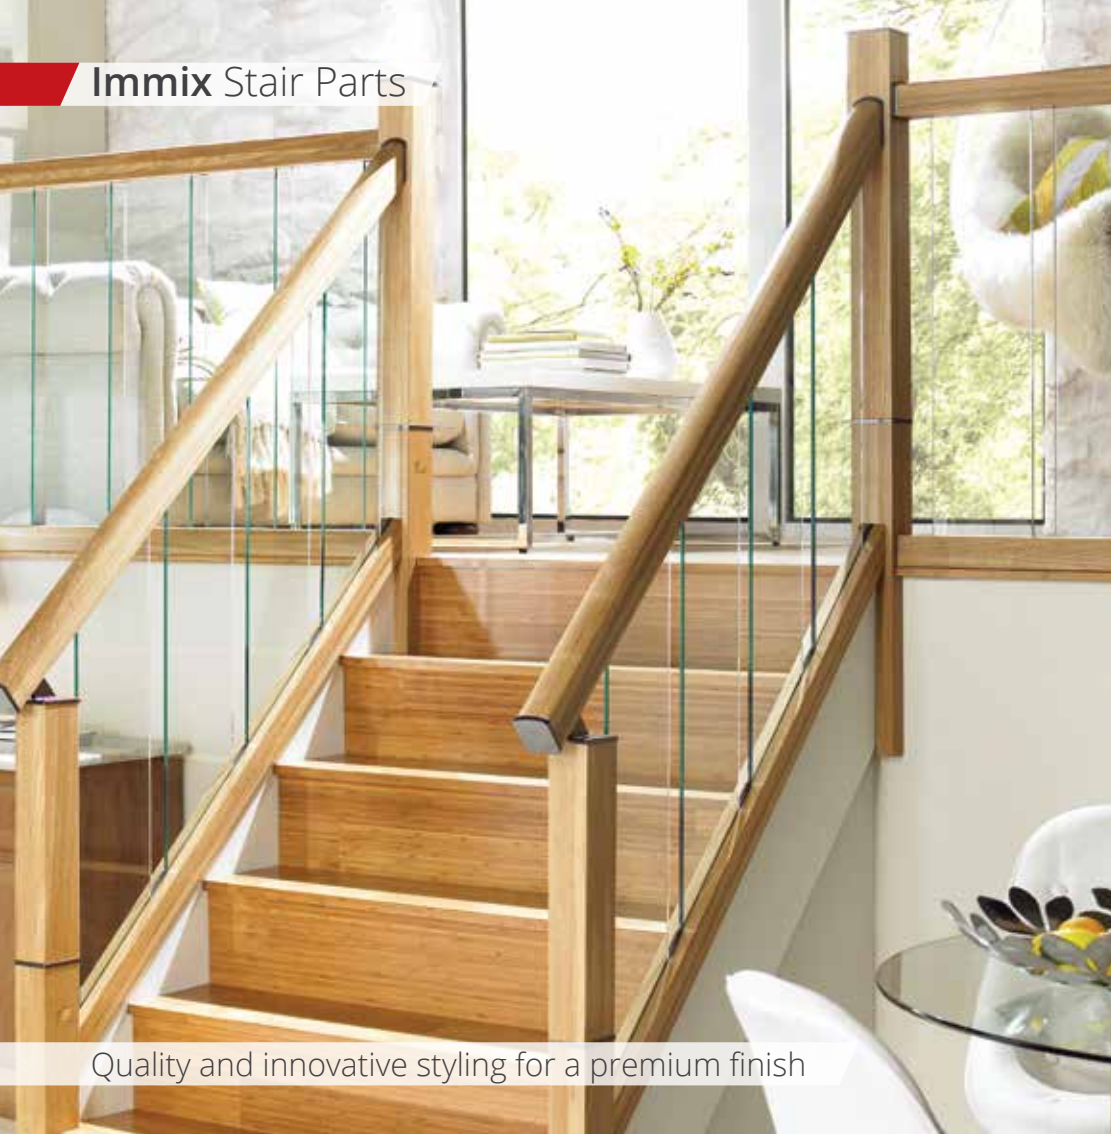

### Made to Measure

You're one step away for a high quality, beautifully engineered, fully made to measure staircase. Full responsibility is taken for measurements - so it's hassle free. Easy.

#### Everything's taken care of:

- ▶ **FREE** on-site survey with every order
- ▶ **FREE** technical advice and support
- ▶ 10 year manufacturing guarantee
- ▶ British woodworking Federation 3<sup>rd</sup> party certified
- ▶ Three coat primed finish and pre-assembled balustrade options available
- ▶ Engineered timber for added strength and stability

For further information and product availability call us on **023 8038 5385** or email [joinery@elliotts.uk](mailto:joinery@elliotts.uk)

Quality and innovative styling for a premium finish

**Newels & Infill Options**

Choose white oak or walnut newels with matching spindles or enhance the feeling of light and space in your stairway with glass panels.

**Rails, Caps & Fitting**

Handrails and base rails to match your newel choice. End caps and connectors in a sleek gun metal finish complete the contemporary look.

Transform your stairs with a modern look

**Newels & Infill Options**

A range of newel options in walnut, white oak, sapele, beech or pine - choose a complete square newel or a square base with round top and metal connector in your choice of finish. Choose glass or acrylic panels or spindles in either chrome or brushed nickel finish.

**Rails, Caps & Fitting**

Select a handrail and baserail finish to match your choice of newel. Ultra stylish fixings in chrome or brushed nickel finishes connect everything together quickly and easily.

A modern approach to a classic staircase look

**Spindles & Newels**

Decorative metal spindles pre-finished in black or primed ready to paint in your own choice of colour. Install with Trademark white oak or classic white oak newels.

**Rails, Caps & Fitting**

Pre-drilled handrails and baserails make installation easy and are crafted from white oak to match your newel choice. Easy-fit brackets come with white oak covers for a perfect finish.

Timeless in style and lovingly crafted in luxurious white oak

**Spindles & Newels**

Choose from a vast range of spindle and newel designs - all featuring exceptional detailing and perfect proportions to create a unique and timeless feature staircase.

**Rails, Caps & Fitting**

Heritage offers the ultimate in luxury and style, whether you want a sweeping grand staircase or a post-to-post system featuring newel posts with decorative caps.

## Classic Stair Parts

Traditional in style with a hint of modern sophistication

### Spindles & Newels

The classic range of elegant spindles and newels in ash or white oak creates a sophisticated feel and adds refinement to your stairs. Choose your style with plain or fluted options.

### Rails, Caps & Fitting

Choose an over-the-post handrail system with volutes, turns and easings for a sweeping handrail or a post-to-post system featuring our unique classic newel cap.

## Trademark Stair Parts

More choice, more possibilities

### Spindles & Newels

White oak, ash, sapele, hemlock, primed or pine, with Trademark you really are spoilt for timber choice. You've lots of style choice too - from imperial, colonial and georgian spindles and newels to plain, chamfered or fluted options.

### Rails, Caps & Fitting

Choose handrails and baserails to match your selected infill style and finish it off with your choice of newel cap or maybe an elegant volute if you've chosen an over-the-post system.

# Windows

From the standard size to arched, shaped and bespoke window designs, we've got it all. Roof lanterns, windows and sun tunnels allow a choice of ways to let the light in and create more space.

There's  
more!

This is a selection of what we can offer. For more details on the full range or if you need help sourcing something for your project, contact [joinery@elliotts.uk](mailto:joinery@elliotts.uk)

Advanced draught sealing provides exceptional levels of insulation

## Flush Casement Windows

- Perfect for the refurbishment of character homes, particularly in conservation areas and for traditionally designed new builds.
- Robust, multi-point locking mechanisms and internal beading.
- Exceptional insulation, thanks to the sash closing into the frame and advanced draught sealing.

## Options

- Wide range of styles and over 200 colours available.
- Choose matching or different colours inside and outside.
- Complementary entrance and French doors available.
- Supply and fit option available.
- Choose from timber, UPVC or aluminium.

Providing robust protection against the elements

## Stormproof Windows

- Ideal for new-builds and post-war homes that are exposed to the elements.
- The sashes close over the frame, providing an extra level of weather protection.
- Additional draught sealing and highly efficient double-glazed units provide exceptional insulation.
- Robust, multi-point locking mechanisms and internal beading.

## Options

- Wide range of styles and over 200 colours available.
- Choose matching or different colours inside and outside.
- Supply and fit option available.
- Choose from timber, UPVC or aluminium.

21st century standards of insulation, weathering & performance

## Timber Sash Windows

- Add prestige, value and style to quality new-build or refurbishment projects.
- Energy efficient glazing helps to lock in the heat.
- Traditional design but with 21st century insulation, weathering and performance.

## Options

- Sashes can be hung on traditional weights and sash cords or on neatly concealed springs.
- Tailor the sash windows to the precise requirements of your project.
- Supply and fit option available.
- Choose from timber, UPVC or aluminium.

# Velux Roof Windows

White polyurethane, white painted or lacquered pine finish options

Range of blinds available

### Sun Tunnels

The sun tunnel uses an adaptable reflecting tube to direct daylight into every corner of your home. It bypasses all obstacles creating brighter and more comfortable living areas.

### Flat Roof Lights

With a flat roof window, you can transform and improve any space. A flat roof window adds the light and air you are looking for and gives you a modern and attractive design, whilst meeting all technical demands.

### Home Automation

Get more comfort by operating your roof windows, flat roof windows, blinds and shutters by remote control with Velux Home Automation.

#### Options

- Centre pivot
- Top hung
- Electric and solar operated options available
- Balcony and terrace
- Conservation roof windows
- Combining roof windows

Matching entrance doorsets available

### Side Hinged

These doors provide extra space inside the garage and are a great solution for garages where access to wall space or utility boxes is required near the entrance door. Available in steel and timber.

### Sectional

A sectional garage door is made up of separate sections rather than a single panel. They rise vertically with no loss of driveway space in front of the garage, and provide full opening drive-through width, giving extra room for wider vehicles such as 4x4s and MPVs.

### Up & Over

Up & Over doors are a safe and reliable solution for your garage door opening. Available in a variety of styles and materials, including steel, timber, GRP or PVC.

### Roller

Roller garage doors combine a space saving design with the convenience of an electrically operated door. Available in a choice of colours and timber effect foil coatings, and supplied complete with electric operator.

If your building project involves work on a kitchen, bedroom or bathroom then a visit to our new showrooms will leave you inspired.

And when you've chosen your units and appliances, we'll guide you on flooring that's up to the job, and show you how to maximise light through the right choice of windows, doors or bi-folds.

- Free design service
- Huge ranges to suit all budgets
- Large showrooms at Fareham, Lymington, Ringwood & Romsey

## Got a question? We're here to help...

Our range of doors, windows, flooring & stairs is much larger than the contents of this brochure. Get in touch and we'll help you find just what you're looking for.

With joinery experts in every branch and good stock levels, why not pop in to discuss your requirements further.

## **Elliotts** | sales hub

The Sales Hub is home to our product specialists, estimators and designers and includes a dedicated joinery team. Perhaps you need some bespoke sizes or quotes for a large building schedule. Whatever your joinery question, we'll have the answer.

[023 8038 5385](tel:02380385385)

[joinery@elliotts.uk](mailto:joinery@elliotts.uk)

Visit [elliotts.uk](http://elliotts.uk) for more inspiration on joinery and our full range of building materials. Whatever you're building, we're here to help you build.

[elliotts.uk](http://elliotts.uk)

High stock levels mean you can rely on us for speedy delivery of your building materials. And as we supply everything you need to help you build, you can tie it all up in one order.

Our fleet of lorries make hundreds of deliveries every week. We'll work with you to arrange a delivery slot to suit you - either in one drop or scheduled to suit your build.

# Where we are...

We have branches across the south.
