# Elliotts

help you build

Founded in 1842, Elliotts is one of the oldest family businesses in the South. We have 10 Builders Merchant branches, all of which hold a comprehensive stock of hard landscaping and building materials.

Whether you are a builder, self-builder or just want some advice on a DIY project, visit one of our branches today and let Elliotts help you build.

## Elliotts | living spaces

Elliotts Living Spaces, a collection of quality kitchens, bathrooms, bedrooms, flooring, landscaping and finishing touches for discerning customers.

## Elliotts | sales hub

Our team of specialists at the Sales Hub in Southampton can help you source and give advice on the products you need for your building projects.

At Elliotts we strive to make the experience of buying the right building materials as simple as possible. Working with our suppliers we are continually training our staff on products and how they are used within the construction process.

# Paving

Paving forms the backbone of most landscaping projects, whether it be a natural stone or decorative paved patio, or creating kerb appeal with a new block paving driveway.

The following pages guide you through our paving range.

## Natural Stone

Enhance any garden with the timeless beauty of natural stone. Be it sandstone, granite or limestone, because of natural variations in colour and texture, each piece will be unique.

## Decorative & Textured Paving

Inspirational paving ideas to help you create a beautiful garden to complement your lifestyle.

## Block Paving

As well as adding a touch of class to your driveway, block paving is a practical and durable solution that adds value to your home.

# Enhancing your project

Once the hard landscaping is in place, define the boundary with contemporary fencing and soften the lines with decking, sleepers, decorative aggregates and a pristine lawn.

The following pages showcase all the products needed to complete your project.

## Decking

Attractive and practical, decking is a great landscaping option for outdoor spaces of any size.

## Fencing

The most popular way to mark a boundary, fencing is a cost-effective and easy to install option for your outdoor space – whether you're replacing what you have currently, repairing it or are starting from scratch.

## Finishing touches

Whether you want to have a luscious lawn all year round or need to terrace a sloping garden, we have the solution.

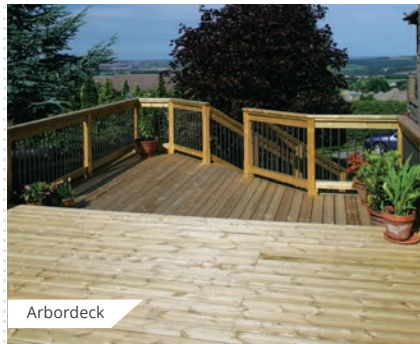

Trex

**Timber Decking**

Arbordeck is one of the most practical and cost-effective ways to enhance your outdoor living space. Whether its a simple timber deck or a more complex solution to open up the entire house to the garden, Arbordeck has the product to suit your taste and budget.

**Trex Transcend**

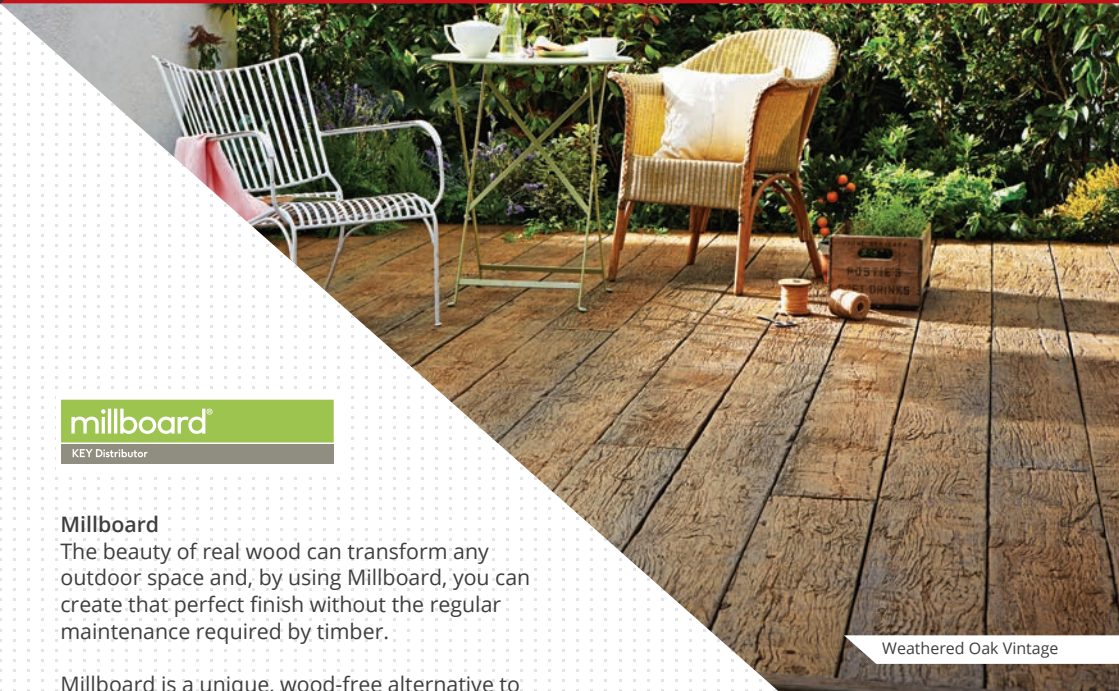

Trex Transcend is the most weather-resistant, low-maintenance composite decking product on the market. It won't warp or splinter, will never require staining or painting, is fade, stain, mould and scratch-resistant and will still look good in 25 years' time.

Trex Lava Rock

Weathered Oak Vintage

KEY Distributor

**Millboard**

The beauty of real wood can transform any outdoor space and, by using Millboard, you can create that perfect finish without the regular maintenance required by timber.

Millboard is a unique, wood-free alternative to composite and timber decking, it will not warp, splinter, rot or fade, and is anti slip, maintenance free and UV stable.

Moulded from carefully selected timbers and hand-coloured, Millboard is proudly designed and made in Great Britain.
